Miss Infelice Tyler is very ill at her home at Germantown.

River News

There are a dozen boats moored in the Cincinnati harbor between Broadway and Vine streets.

The W. W. O'Neil, with a big tow of coal, is reported in a safe harbor opposite Fulton, seven-four miles above Memphis.

At Wheeling, the Wharfmaster's January report showed not a single landing at the wharf during that month for the first time in thirty years.

River conditions are not much improved. The stream is still about two-thirds full of newly made floating ice, very heavy and hard. No relief will be afforded towns along the river dependent on the packets for supplies until a warm spell comes. This will cause a rise and wash off the banks.

ABSOLUTE FAITH

You Can Depend Upon the Word of this Maysville Citizen.

She has had the experience. She has thoroughly tested the article. She found it as represented.

She has absolute faith in its merit.

Mrs. Samuel Creighton of 351 East Fourth street says:

"Because of the proven value of Doan's Kidney Pills, I most cordially recommend them to others suffering from kidney trouble. The use of this medicine proved it to be worthy of confidence. My son procured it for me at J. J. Wood & Son's Drugstore, corner of West Second and Market streets."

Forsale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

The Rev. H. T. Musselman of the First Baptist Church tomorrow begins a series of sermons on the life of Christ. His first subject will be "The Prophet's Picture of Jesus."

The Keystone Commercial Company shipped 50 cases of eggs to Pittsburgh yesterday. Owing to the hens being on a strike and refusing to work during the cold weather, the egg product has become scarce in the market and consequently the price soared skyward.

There was a heavy slump in the wheat market at Chicago yesterday morning, due to the failure of war rumors to materialize and the action of Armour in shaking out a lot of trailers. The official announcement yesterday morning that Senator Hanna is suffering from typhoid fever, although not entirely unexpected, created wide-spread apprehension among his friends. They realize that for a man of his age and of somewhat enfeebled constitution, this development is most serious. The Government has received advices from the island of Java that tell of a terrible disaster which may assume the proportions of that in the island of Martinique, when so many hundreds of lives were wiped out in a few moments. It is stated that a town in Java has been literally swallowed up by a great volcano, and that hundreds of citizens perished, as did those in St. Pierre and earlier in Pompeii and Herculaneum. Unlike the people of the cities named, the people of the little town in Java had no warning that the great calamity was impending. It had been reported by travelers that there had been noticed a recurrence of volcanic activity in the island. In fact, such reports were received soon after the disaster in Martinique, but there was no fear that any serious disturbance would result. The Government is making strenuous efforts to secure more details from Java.

A Cure for Eczema.
My baby had Lezecma so bad that its head was a solid mass of scabs and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The Eczema is cured; the scabs are gone and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve. Frank Farmer, Buff City Ky. In buying Hazel Salve look out for counterfeits. DeWitt's is the original and the only one containing pure Witch Hazel. The name of DeWitt & Co. is on every box. Sold by J. J. Wood & Son Druggists.

MURDERED IN DANVILLE

Operator William B. Rucker Fired on Through a Window

With his lifeless fingers still clutching the telegraph key, apparently in an effort to make known a description of his assassin, William B. Rucker, night operator at the Cincinnati Southern Depot at Danville, was found with a bullet through the back of his head Thursday night shortly after 11 o'clock.

The motive of the deed was evidently robbery, the victim being done through a window.

Some traveling men who wished to leave on a train due at 11:20 p.m. telephoned to the station to ascertain if the train was late. Receiving no response, they went to the depot and found the operator lying with his head on the table, motionless.

Death was evidently instantaneous, defeating Mr. Rucker's apparent purpose to open the key and send a telegram telling of the murder.

Mr. Rucker was for a time connected with the C. & O. Railway here and is remembered by many friends in this city.

He was a brother-in-law of Mr. A. J. Boyd of Forest avenue, who left yesterday for Danville.

Mr. Rucker's home was at Paint Lick. About eighteen months ago he married Miss Daisy Boyd of Berry, Harrison county.

Special detectives have been put on the case and every effort is being made to run down the murderer.

A WOMAN'S COMPLEXION. It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25¢; regular size, 75¢. At Henry W. Ray's Drugstore.

"It is the law of American politics that no man can make himself a candidate for President, and no man can prevent himself from being a candidate for President." From a statement made by the late James G. Blaine.

If the President nominated Dr. Wood for Major General "during recess," and Congress votes that there wasn't any "recess" by \$190,000 majority, will some one please pass the gravy?

HOWEVER much some fool Americans may ape their British cousins, it is pleasing to observe, in one respect at least, that the Britshers do not reciprocate. There were some "conditions" accompanying the release from an English prison of the unfortunate American woman, Mrs. MAYBRIK, among which were that she is not to appear on the stage or to write a book. This will deprive American managers and publishers of one of their most glorious opportunities to coin a few dollars while gratifying a morbidly curious public.

W. R. SMITH & CO.

THE present Legislature has done two notable things, both of which meet the hearty approval of every loyal, state-loving Kentuckian—appropriated \$1,000,000 for a new Capitol, and \$75,000 for a proper exhibit at the World's Fair. Now, if it will get together and pass a decent Corporation Law—a law that will induce Kentucky enterprises to incorporate at home; that will be liberal enough to invite foreign capitalists to come here and incorporate under it; that will thus keep Kentucky money at home and bring other money into Kentucky; gentlemen of the Legislature, if you will do this, you will have indeed placed the grand old state in the front rank of progressive commonwealths, and the people will rise up and call you blessed.

Political Pickings

A LITTLE SHORT OF ROBBERY.

Louisville Courier-Journal.

The question over the drawing of double mileage by Congressmen for last December hinges on the contention whether there was or was not a recess between the adjournment of the special session and the convening of the regular session. But however this may be, what has this technicality to do with the merits of the matter? Whether there was or was not a recess, not one of the Congressmen went home and returned to Washington in the interval, and to vote himself mileage would be simply a robbery of the Treasury. Indeed, the regular mileage of nearly \$200,000 a year which Congressmen take is largely robbery. They receive this at the rate of 20 cents a mile, a rate that was established in the primitive days of travel. Now, however, 20 cents a mile would pay not only a Congressman's own transportation to Washington, but that of his family, his neighbor's ox and ass, man servant and maid servant, and even his neighbor's wife and seven or eight children.

Misses Margaret Calvert and Alma Lee Galbreath have returned home much improved, after a two weeks stay with the Electro-chemical Institute of Cincinnati.
